REMARKS/ARGUMENTS

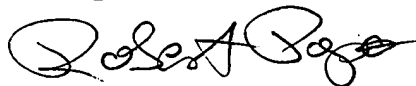

The claims in this application were amended during the International Preliminary Examination (IPE), wherein published pages 12-14 of the claims were replaced with replacement sheets 12-14. A copy of replacement sheets 12-14 is attached hereto for the Examiner's convenience.

Thus, the patent application that enters the U.S. national phase should include the following pages: published Title Page with Abstract (2 pages), published pages 1-11 of the description; replacement sheets 12-14 of the claims; and published drawing sheets 1/3 through 3/3 (with Figures 1-3).

This Preliminary Amendment amends IPE Claims 3-5, 10, 12, 15-22 and 30 to produce new amended claims that are not multiply dependent in order to reduce official fees. Once examination on the merits has begun, the Applicant may elect to amend new amended Claims 3-5, 10, 12, 15-22 and 30 to make these claims multiply dependent or to add additional claims to this application to provide coverage similar to, broader than, or narrower than the present claims.

Amendment of the subject application is respectfully requested.

Respectfully submitted,
